

PRESIDENTS MESSAGE TO OUR MEMBERS

Since the end of the summer, The lodge has been paramount in my life to get it up running for our Memorial Day meeting.

Working with our adjuster to quickly move along a final settlement.

I was not happy with waiting and getting instructions to ONLY communicate with our public adjuster Mr. Mike Clune, so I took upon myself to make many phone calls to Basloe Levin and Cuccaro at Adjusters International, the firm representing us to express my disappointment in the amount of time it is taking to settle this claim

Mr. Richard Smith, the senior supervisor is now involved and promised to quickly move things along. I would like to thank Peter Conroy for all his time and devotion.

Peter has been doing a great job working with Wayne Marre to replace our beautiful ceiling, a target time to complete the ceiling is February. The sprinkler system is now in place and I have been working with Stephanie at PN alarm to have their technicians go over and complete the alarm system.

I would like to assure all our loyal members that Peter and I have devoted much time to making sure we have our lodge up and running by May.

I will be drafting a temporary summer calender , to be voted on by our board.

WISHING EVERYONE A HEALTHY HAPPY NEW YEAR !
